

## Second day

We left the train station at around 8 am and began our journey to Osijek. Our first stop was in Našice, where we went for a little walk. Our second stop was Đakovo where we saw the cathedral and took a bunch of pics. Then we finally got to Osijek and took a short walk to the Center of Safer Internet. We had a lecture about Internet security and how to protect ourselves and others from bullies. After that we had lunch at Stara Pekara Bakery and had some free time to look around and explore Osijek. We went to the Museum of Slavonia and saw the history of not just Slavonia but the whole Croatia. Then we went to Porta Nova Mall to visit shops and hit the coffees. We were all exhausted and went back to Požega. When we got back we all went out for drinks and split up and went to the hotel for a big deserved rest.

Conclusion:

Šimun: The thing I loved the most was just meeting new people and having conversations about the cultures and their countries while also learning about mine. I had a great time in the past 4 days and I look forward to other projects, activities and mobilities.

Emre: I learnt a lot about the history and culture of Croatia. There are some cultural differences but I enjoyed my time here. I loved the Faculty of Mechanical Engineering and I met a lot of new friends.

Kevin: With this mobility I learned about the culture of other countries which was quite interesting for me. I also learned to work better in groups and to talk more freely with others.

Mihael: It is good to be part of projects like this one. I learnt a lot about other cultures and I improved my knowledge. I enjoyed every second here and I am so excited for the future mobilities.
